

**Bridging the Gap
between
Architects
&
General Contractors**

PANEL DISCUSSION

Our panel, composed of experts in the field, will show us how they price our projects, what they assume when pricing and how they work to get the project. Furthermore, they will also discuss the mutual benefits of Joint Ventures.

Receive 2 Continuing Education Credits

TOPICS:

- + Understanding Intent and type of information to be included in the Contract Documents
- + Pre-Bid Meetings - What discussions cannot be left out? (Setting the Ground Rules)
- + Maintaining Project Budget from concept to bid.
- + Different types of Contracts to clients - What is the best fit for each client?
- + How and when to deal with alternates.- What is considered "Approved equal"?
- + Partnership Opportunities - How can Architects and Contractors form alliances and offer clients services as a complete package?
